Iran used one of their Kilo Class submarines to smuggle nuclear  
weapons into the US in 1997

This photograph shows an addition to the  
Iranian Naval Fleet as it was being towed  
through the central Mediterranean sea during  
the week of December 23rd, 1996. This Sub  
was the third Kilo class submarine the Iranians  
have purchased from Moscow.

## Terrorist Watch

In April of 1997, in an extremely sophisticated operation developed over a period of  
many years, members of the intelligence branch of the Iranian army, **Usama bin  
Laden** and senior members of the lethal international terrorist organization **al Qa'da**  
successfully smuggled a submarine containing several nuclear bombs  
into the US.

-What will happen to Serbs in the  
Islamic Republic of Bosnia and  
Herzegovina-

The day is nearing when the announced  
Islamic Republic of Bosnia and  
Herzegovina will be proclaimed.  
The date, which every Muslim in  
Bosnia-Herzegovina and Sandzak is  
ardently waiting for has been known for  
a long time to be the 31<sup>st</sup> December.  
There are some indications that the  
Serbs in Bosnia and Herzegovina might  
oppose this historic event. In this  
connection, certain measures have been  
taken which will be applied if the Serb  
population of Bosnia and Herzegovina  
does not agree to this idea.

Every individual Serb must be aware of the  
responsibility of the entire nation for his  
uncontrolled actions, the penalty for crimes  
committed will be collective – for one  
demolished Muslim house, ten Serb houses  
will be demolished – for one dead Muslim,  
one hundred Serbs will be liquidated – for  
one wounded Muslim (depend on the  
severity of the wound) 10-50 Serbs will be  
evacuated.

All Serbs will have a 12-hour working  
day. This wages will be proportionate to  
the loyalty of all the employees and as a

rule they will be paid 30% less than the  
wages of Muslims who occupy the same  
post.

Serbs will have priority in the dismissal  
of redundant workers.

Serbs cannot enter public institutions  
without special passes.

Serbs will receive rations for food, which  
they will obtain in special shops.

Serbs do not have national parties and if  
they do not abide by the rules of political  
life, they will not be entitled to political  
organization or to vote.

In the Islamic Republic, the right of  
Serbs to produce alcohol will not be  
withdrawn, but Muslims are entitled to  
apply the Shariat to all inhabitants of the  
state.

Serbs are equal to Muslims if, of their own  
will, they are received into the Islamic faith  
of their forefathers. No one has the right to  
refer to their previous life because they are  
not guilty for being Serbs. No generation is  
accountable for the actions of the previous  
one, or some other that preceded it.

A good Serb is a living and obedient  
Serb or a dead, disobedient Serb.
